

WHAT TO SAY WHEN ASKING FOR SURVEY RESPONSES

Hi ____! I hope this message finds you doing well. How's everything in your world? STOP & Listen. Catch up.

I really value your opinion so I wanted to reach out.

I'm starting a new business venture (briefly describe) and looking to understand more about how I can help my clients. I was wondering if you have a couple minutes to help me.

Would you be willing to answer a few questions to help me out?

It'll take less than 5 minutes.

Okay Great!

Thanks for your help! I'll send you the link today.

I created the survey in google so that people could fill it out when it's best for them... What email should I send the link to?
