If a friend or family member were in need of _____, do
you have someone you'd refer them to?

If yes...

Great! It's
important to
have
someone that
you can trust
and rely on.

If no...

I'd love to be that person for you.

If you know of someone needing _____,
just message me their contact
information and I'll take extra special
care of them. Make sure it's okay with
them first of course.

It's important that you text me first so I can give them any
specials that I would give you.
